INDIAN RAYON**

ABOUT THE COMPANY?

Indian Rayon - a Unit of Grasim Industries Limited, is one among the leading manufacturers of Viscose Filament Yarn. The company has a rich heritage of about 60 years and belongs to the Aditya Birla Group. Aditya Birla Group is a US \$45 billion corporation, and is in the League of Fortune 500. It is anchored by an extraordinary force of over 120,000 employees belonging to 42 nationalities. Indian Rayon is committed to deliver quality products, has enhanced focus on customer service and is poised to grow substantially over the coming years

ABOUT RAYSIL?

Raysil is a complete range of cellulosic, 100% natural and biodegradable filament yarns. Raysil creates the best of

- a. Rich fabrics of Georgettes, Crepes, Chiffons, Tabby, Satin, Shantung, Velvet and many more
- b. Lustrous Embroidery and decorative Laces
- c. High sheen Knitwear
- d. Luxurious Home Fabrics – towels, upholstery, tapestry, carpets and home decors

WOODS

Raysil is 100% natural origin produced from soft wood of sustainable & traceable forestry

PULP

Wood is made into pulp at Domsjo Fabriker, Sweden. It is the only plant in the world to have closed loop bleach plant without any emissions

WOODS TO WARDROBE

A sustainable fashion story

WARDROBE – HOME TEXTILE/GARMENTS

Of 100% natural origin, unmatched in elegance owing to rich lustre, colour depth, excellent drape & comfort

FABRIC

Raysil creates 100% natural and evergreen fashion fabrics; the best of georgettes, crepes, chiffon, upadas and many more blended fabrics

YARN

Raysil, the fashion yarns are manufactured in a 20,000 tons/annum facility having all technologies & confirming to environment, safety, occupational health & social accountability standards

UNIQUE PROPERTIES

OF 100% NATURAL ORIGIN	This ensures that Raysil is biodegradable and skin-friendly
EXTREMELY COMFORTABLE	This is due to high level of moisture regain of Raysil
HAS A RICH LUSTRE & COLOUR BRILLIANCE	The highly uniform morphological structure of Raysil contributes to high lustre and dye uptake aspect results in colour brilliance
IMPARTS SUPERIOR DRAPE & FLUIDITY	The amorphous nature of Raysil allows for the best drape, fall and fluidity in fabrics
SOFT FEEL	The soft feel and smooth texture of Raysil lends itself to a rich and soothing feeling
